

# LISTEN WIRELESS®

## Product Data Sheet

Listen Wireless® combines all the advantages of premium headphones with wireless *Bluetooth*® technology. Excellent noise isolation is guaranteed thanks to the closed-back design and the large ear cushions which preserve the headphones' acoustic qualities, even in noisy environments. The heat-sensitive, very high-density memory foam offers impressive comfort for the listener. Listen Wireless has excellent dynamics, tight bass and remarkable tonal balance. Its wireless technology offers long-range reception while ensuring very long autonomy for even more freedom of listening to high-definition sound. Moreover, thanks to its new metallic finishes, available in Blue, Purple and Olive, Listen Wireless Chic is now a trendy lifestyle product.

Heat-sensitive memory foam ear cushions, 22mm thick

Controls for calls and music

Black High Gloss finish

Ultra-flexible headband with soft touch material for even more comfort and improved weight distribution.

Listen Wireless Chic : non-conductive metallization finish

Volume control
