

DENON HOME 400

Denon Home 400 Wireless Smart Speaker

The Denon Home 400 wireless smart speaker delivers Dolby Atmos Music, enveloping you in rich, expansive sound that reveals every nuance. Built-in dual height speakers add a lifelike vertical dimension for a more immersive soundstage, while HEOS® makes setup and streaming simple. Crafted with an elevated design aesthetic, the Denon Home 400 is the ultimate expression of performance and style.

HIGHLIGHTS	YOUR BENEFITS
Easy setup, instant enjoyment	Go from unboxing to listening in minutes. With quick setup and intuitive app control, your favourite music is always just a tap away.
Hear the Denon difference	Experience full, detailed sound that fills your space and makes every song feel more alive and engaging.
Dolby Atmos Music	Hear your music expand across a wider, taller soundstage, adding incredibly lifelike dimension and realism.
Powered by HEOS™	Effortlessly control your music, speakers, and rooms with the HEOS app. Stream, group, and play your way, without the complexity.
Style that elevates your space	Designed to complement any space and engineered for extraordinary sound, Denon Home looks as good as it sounds.
A complete ecosystem	Denon's connected ecosystem makes it easy to start small and expand anywhere—link speakers, AVRs, and soundbars for a system that fits every room and moment.

SINCE 1910 | DEFINING AUDIO EXCELLENCE

Tuned for exceptional sound quality

Denon Home speakers are expertly tuned by the Denon Sound Master for natural balance, rich detail, and the kind of warmth that makes every song feel alive.

Play all your music effortlessly

Play your favourite music your way—stream directly from leading apps; connect smartphones, portable media players, and other audio sources to the aux input; or connect with Bluetooth, AirPlay 2, or USB.

High-resolution audio

Enjoy music in remarkable detail with high-resolution streaming over Wi-Fi from leading services including TIDAL, Qobuz, and Amazon Music. Or, listen to lossless quality formats like DSD via USB or NAS connected devices.

Six-driver array

The Denon Home 400 is engineered for powerful, high-fidelity sound. Its custom-engineered six-driver array with dual wide-range tweeters, 4.5" woofers, and built-in 1" height speakers delivers full, detailed audio that fills your space. Each driver is powered by its own amplifier for precise control and balance.

Start with one, expand anywhere

Group speakers or create zones for flexible listening throughout your home. Play a different song in every room or create a seamless whole-home soundtrack.

Stereo and surround pairing

Pair two Denon Home speakers wirelessly for a wider, more spacious stereo soundstage when listening to music. Or, build a wireless 5.1 home theatre by connecting Denon Home speakers to the Denon Home Sound Bar 550 and Denon Home Subwoofer.
